“  
The best way  
to predict your  
future is to  
create it.”

Our mission at Faria Tutoring Academy stands on 3 principle pillars: *Individuality, Flexibility, and Professionalism.*

Our vision is to provide programs and learning experiences that are built upon these 3 principles.

We curate each lesson that your child has around their own individual learning plan that targets their specific academic needs. These lessons are built around your schedule and provided in your home for convenience. We want to make sure your child's experience is comfortable and unique to them. We believe in bringing joy and enthusiasm into every learning experience.

NEVER STOP  
LEARNING; FOR  
WHEN WE STOP  
LEARNING, WE  
STOP GROWING.
